Your support of clean energy solutions, reauthorizing the Conservation Bank, and support of the right of citizens to a clean and healthy environment by fighting rollbacks to environmental protections have been critical in the SC House.

A key part of our mission is to let South Carolina voters know where elected officials and candidates stand on protecting our air, land and water and on creating a sustainable energy future. When the General Assembly convenes for the January 2023 session, citizens of South Carolina will be depending on you to protect the natural resources that fuel at least a third of our state's economy.
