Dear Representative Cox:

Due West

We are pleased to inform you that Conservation Voters of South Carolina (CVSC) has endorsed your re-election to the South Carolina House of Representatives from District 21 because of your proven commitment to conservation and protecting our way of life in South Carolina.

Your support for conservation issues has led to an 89% lifetime score on our conservation scorecard, driven by your support for low-cost clean energy and commitment to protect the lands and waters that make South Carolina unique. Add to this your work to advance electric vehicle charging and pave the way for a new wind-energy economic development cluster in South Carolina, and it is clear that you recognize that conservation and economic development are deeply intertwined. You've also been a fierce advocate for taxpayers, fighting to ensure that they are not left footing the bill when dangerous and unproven industries come to South Carolina, contaminate our communities with toxic chemicals, and then disappear.

I am proud to count you among our conservation allies in the House and as a clear conservation champion. For this and more, we want to see you return to Columbia to continue your leadership and work on these important issues.

When the General Assembly convenes for the January 2023 session, citizens of South Carolina will be depending on you to protect the air, land, and water that we all love. We value your willingness to work with us and consider our positions when making decisions on important conservation issues before the House.

You may use our endorsement in your campaign materials as well as on your website and social media pages. Working together, we can provide a clean and healthy South Carolina for future generations.

Sincerely,
