*Charleston*

**Akin Watson**

*Columbia*

You have been a consistent supporter of conservation issues, working to ensure all citizens enjoy a clean and healthy environment. You have supported proactive policies that move our state forward – including clean energy growth, wildlife protections, land protection investments, and the growth of electric vehicle charging infrastructure. In addition, you recognize that growing our economy and protecting our environment are intimately connected – your introduction of and advocacy for legislation regarding a wind energy supply chain assessment is a clear example of this understanding. For this and more, we want to see you return to Columbia to continue your leadership and work on these important issues.

When the General Assembly convenes for the January 2023 session, citizens of South Carolina will be depending on you to protect the air, land, and water that we all love. We value your willingness to work with us and consider our positions when making decisions on important conservation issues before the House.

You may use our endorsement in your campaign materials as well as on your website and social media pages. Working together, we can provide a clean and healthy South Carolina for future generations.

Sincerely,

A handwritten signature in blue ink, appearing to read "John Tynan".

John Tynan  
Executive Director
