Your support for conservation issues has led to an 86% lifetime score on our scorecard, including an 84% score in 2020. You have been a supporter of the right of citizens to a clean and healthy environment and supporting local communities' rights to manage plastic bag pollution. You have supported proactive policies that move our state forward – including clean energy growth, wildlife protections, land protection investments, and the growth of electric vehicle charging infrastructure. I am proud to count you among the conservation champions in the SC House and former Green Tie Award winners. For this and more, we want to see you return to Columbia to continue your leadership and work on these important issues.

When the General Assembly convenes for the January 2023 session, citizens of South Carolina will be depending on you to protect the air, land, and water that we all love. We value your willingness to work with us and consider our positions when making decisions on important conservation issues before the House.

You may use our endorsement in your campaign materials as well as on your website and social media pages. Working together, we can provide a clean and healthy South Carolina for future generations.
