March 1, 2022

Robby Robbins
110 N. Main Street
Summerville, SC 29483

Dear Robby:

We are pleased to inform you that Conservation Voters of South Carolina (CVSC) has endorsed you in the special election to the South Carolina House of Representatives from District 97 because of your resolve to support conservation policies and protect our quality of life in South Carolina.

We especially appreciate your passion for and experience with land protection, having worked to advance conservation easements and other conservation projects throughout the Lowcountry and across the state. Your recognition of the linkage between our tourism economy, outdoor recreation, and our state's natural resources will serve as a valuable perspective in Columbia. We also value your commitment to hear from all sides and find pragmatic and workable conservation solutions for the Palmetto State.

A key part of our mission is to let South Carolina voters know where elected officials and candidates stand on protecting our air, land and water and on creating a sustainable energy future. We appreciate your support for "common-sense" solutions to protect the natural resources of our state and your recognition that investing in South Carolina's natural resources is critical for our state's economy.

As the General Assembly concludes the 2022 legislative session, citizens of South Carolina will be depending on you to protect the air, land, and water that we all love. We value your willingness to work with us and consider our positions when making decisions on important conservation issues before the House.

You may use our endorsement in your campaign materials as well as on your website and social media pages. Working together, we can provide a clean and healthy South Carolina for future generations.

Sincerely,

A handwritten signature in blue ink, appearing to read "John Tynan", is written on a white background.

John Tynan
