Heath Sessions

312 Pendleton St

Rock Hill, SC 29730

Dear Heath:

I am pleased to inform you that Conservation Voters of South Carolina (CVSC) has endorsed your election to the South Carolina House of Representatives from District 46 because of your support of “common sense conservation” and resolve to protect our quality of life in South Carolina.

We especially appreciate your passion for public service and giving back to the community – key traits of an effective lawmaker. We value your recognition that conservation is conservative and your passion for finding pragmatic solutions through collaboration and compromise. We are excited to build on your passion for creating inclusive parks and open space that allow all people to enjoy the outdoors as we work together to advance land protection and greenspace preservation in South Carolina. We look forward to working with you to advance these and other pragmatic solutions that protect the natural resources of our state and grow our clean energy economy.

A key part of our mission is to let South Carolina voters know where elected officials and candidates stand on protecting our air, land and water and on creating a sustainable energy future. We appreciate your recognition that investing in South Carolina’s natural resources is critical for our state’s economy.

When the General Assembly convenes for the January 2023 session, citizens of South Carolina will be depending on you to protect the air, land, and water that we all love. We value your willingness to work with us and consider our positions when making decisions on important conservation issues before the House.

You may use our endorsement in your campaign materials as well as on your website and social media pages. Working together, we can provide a clean and healthy South Carolina for future generations.

Sincerely,

A handwritten signature in blue ink, appearing to read "John Tynan", is written over a light blue rectangular background.

John Tynan

Executive Director
