Dear Kathy:

Due West

I am pleased to inform you that Conservation Voters of South Carolina (CVSC) has endorsed your election to the South Carolina House of Representatives from District 80 because of your support of “common sense conservation” and resolve to protect our quality of life in South Carolina.

Marian Brailsford
Charleston
Bruce Cole

We especially appreciate your passion for public service and giving back to the community – key traits of an effective lawmaker. With a background in conservation and record of supporting plastic bag reduction efforts and tree planting initiatives at the local level, your experiences will make you a strong and passionate advocate for common-sense conservation. You have seen firsthand and are hearing about the flooding and other changes that rampant growth can bring to communities throughout our state, and we are excited to work with you to find pragmatic solutions that increase prosperity but also protect the natural resources that make our communities unique. We value that you recognize that conservation is conservative and your passion for finding pragmatic solutions through collaboration and compromise.

A key part of our mission is to let South Carolina voters know where elected officials and candidates stand on protecting our air, land and water and on creating a sustainable energy future. We appreciate your recognition that investing in South Carolina’s natural resources is critical for our state’s economy.

When the General Assembly convenes for the January 2023 session, citizens of South Carolina will be depending on you to protect the air, land, and water that we all love. We value your willingness to work with us and consider our positions when making decisions on important conservation issues before the House.

You may use our endorsement in your campaign materials as well as on your website and social media pages. Working together, we can provide a clean and healthy South Carolina for future generations.

Sincerely,
